II- C.: SUBMISSION OF APPLICATION

Article 6
The Credits and Projects Call is opened once a year and is published on the F.R.S.-FNRS website.

The application can be submitted in French or in English. It must only be submitted on e-space, the online platform dedicated to the calls for proposals.

It is recommended to applicants who wish to have their application file assessed by Scientific Commissions dedicated to SEN (Exact and Natural Sciences) and SVS (Health and Life Sciences) fields, as well as the Scientific Commission SHS-2, to submit their application in English.

All CDR applications are submitted to a procedure including two successive electronic validations on the dates that will be indicated when the call is published.

a. The validation by the promoter, responsible towards the F.R.S.-FNRS administration: it accounts as a confirmation that the application file is complete.
b. The validation by the research administration (or Board of Education) of the university of the French-speaking community of Belgium to which the promoter is related – the Authority to which the application file is transferred once the promoter has validated the application form. That authority may accept or refuse the application. The validation deadline set for the rectors puts a final end to the call for proposals.

Applications that have not been validated within the time-frame of the call cannot be taken into account.

The validation dates are available in the mini-guide.
