APPENDIX 1 .......................................................................................................................................................... 10
CHAPTER I: SCOPE

Article 1
The rules and regulations hereinafter are only applicable to the Interuniversity Institute of Nuclear Sciences (I.I.S.N.) research programmes introduced within the framework of the Credits and Projects Call of the Fund for Scientific Research - FNRS (F.R.S. - FNRS).

Main promoter: Researcher responsible for the submission of the application. They can ask for budget related to the tasks of which they will be in charge during the accomplishment of the project.

Co-promoter: Researcher who takes part in the preparation of the application and in the accomplishment of the project in case of granting. As such, they can ask for a budget related to the tasks of which they will be in charge.

Article 2
The I.I.S.N research programme is meant to be carried out within one or several institutions listed in Appendix 1.

Article 3
The starting date of an I.I.S.N. programme is set for the 1st January and the ending date for the 31st December.

Article 4
The main promoter is the person who assumes the scientific responsibility and is in charge of the administrative management of the funded research programme.

The main promoter shall decide if the research programme is conducted with one or several universities.

CHAPTER II: APPLICATION

II- A.: PROMOTERS

Article 5
The main promoter-applicant must be:

➢ Either a Research Associate, a Senior Research Associate or a Research Director of the F.R.S.-FNRS and assuming the function and duties of such position at the latest by 15th November of the year when submitting the application.

➢ Or a researcher appointed in a university of the French-speaking Community of Belgium listed in Appendix 1 and must meet the following conditions altogether:

   - Be permanently\(^1\) appointed to an academic or scientific position or on probation in that university.

\(^1\) Research logisticians of rank A, as defined by the Royal Decree of 31st October 1953 fixing 'le statut des agrégés, des répétiteurs et des membres du personnel scientifique des universités de l’État', are only allowed to be co-promoter-applicant provided they hold a Ph.D.
- This appointment must have a final and conclusive assent from the competent body to legitimize this appointment in accordance with the Law or the university regulations at the latest by 15th November of the year when submitting the application.

- This academic or scientific position must be effective at the latest by 15th November of the year when submitting the application.

If the main promoter-applicant who is appointed permanently accesses the legal age of retirement / becomes professor emeritus after the validation deadline set for the academic authorities (rectors) and before the end of the funding scheme in case of granting, the submission of the application shall be subject to prior approval by the Head of institution where the research will be carried out.

The main promoter-applicant permanently appointed who will access the legal age of retirement / become professor emeritus by the validation deadline set for the academic authorities (rectors) is not eligible.

Article 6
All co-promoter-applicants involved in an IISN project shall meet the eligibility criteria as referred to in article 5.

II- B.: SUBMISSION OF APPLICATION

Article 7
The "Credits and Projects" call is opened once a year and is published on the F.R.S.-FNRS website.

The application can be submitted in French or in English. It must only be submitted on e-space, the online platform dedicated to the calls for proposals.

All IISN applications are submitted to a procedure including successive electronic validations on the dates that will be indicated when the call is published.

a) The validation by the main promoter, responsible towards the F.R.S.-FNRS administration: it accounts as a confirmation that the application file is complete.

b) The validation by the co-promoters (if any): it accounts as an electronic signature.

c) The validation by the research administration (or Board of Education) of the institution to which promoters are related – the Authority to which the application file is transferred once promoters have validated the application form. This Authority may accept or refuse the application. The validation deadline set for the rectors puts a final end to the call for proposals.

Applications that have not been validated within the time-frame of the call cannot be taken into account.

The validation dates are available in the mini-guide.

Article 8
The Board of Trustees of the I.I.S.N. allocates funds according to the budget that is available. It decides on the granting or rejection, and where provided for, on the amounts to be granted.
CHAPTER III: THE IISN INSTRUMENT (INTERUNIVERSITY INSTITUTE OF NUCLEAR SCIENCES)

Article 9
The allocated fund through the IISN instrument can cover 3 types of expenses:

- Personnel
- Operating
- Equipment

Article 10
The following operating costs are not authorised:

- Payment and reimbursement of rents
- Payment of the heating, light and telephone
- Costs for facilities maintenance and building costs
- Costs for equipment maintenance and repairing
- Costs for furniture
- Office supply costs (except for justified computer or computer equipment costs)
- Restaurant costs and expenses for foodstuffs (coffee, sugar, softs...) not related to missions or shift trips
- Visa fees for residence permits
- Insurance for appliance(s) or vehicle(s) belonging to the institution
- Thesis related expenses (printout, jury’s invitation)

Article 11
Categories of personnel\(^2\) are detailed in the table below:

<table>
<thead>
<tr>
<th>Categories</th>
<th>Activity</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Part time</td>
</tr>
<tr>
<td>Doctoral Researcher – Grant(^3) or Salary</td>
<td>x</td>
</tr>
<tr>
<td>Postdoctoral Researcher(^4)</td>
<td>x</td>
</tr>
<tr>
<td>Non-doctoral Researcher – Salary (capped)</td>
<td>x</td>
</tr>
<tr>
<td>Technician(^5) – Salary (capped)</td>
<td>x</td>
</tr>
</tbody>
</table>

n/a = not applicable

\(^2\) For all personnel, the promoter shall contact the relevant department of their host institution to determine their status and obtain an estimate of the total personnel costs involved based on the scientific seniority.

**Amounts cannot be changed after submitting the application.**

Non-doctoral Researcher and Technician categories are subject to an annual limit, calculated in proportion to the number of days worked. Limitations in force for the first year of funding are detailed in the Credits and Projects Call mini-guide.

\(^3\) In case of a grant, the Doctoral Researcher must be hired on a full-time basis.

\(^4\) The promoter shall contact the relevant department of their host institution in order to determine the Postdoctoral Researcher’s status (Mobility situation, grant, employee…) and the work time.

\(^5\) For technicians, new positions are not authorised. Only renewals will be accepted (when justified).
Promoters are allowed to recruit personnel for a minimum of one month and the duration may not exceed the maximal duration of the funding agreement.

**Article 12**
On the date of the hiring, Doctoral Researchers must have obtained one of the following degrees for 3 years maximum:

- 1° a master degree for a value of at least 120 credits awarded by a Higher Education Institution within the French-speaking Community of Belgium;
- 2° a master degree for a value of at least 120 credits awarded by a Higher Education Institution within the Dutch-speaking Community, German-speaking Community or from the Royal Military Academy.
- 3° Another degree as referred to in Article 115 of the French-speaking Community of Belgium Decree of 7th November 2013 that defines the landscape of Higher Education and the academic studies organisation.

The maximum period of time mentioned above is extended for one additional year per childbirth and/or adoption.

**Article 13**
On the date of the hiring, Postdoctoral Researchers must have obtained a doctoral academic degree after the defence of a thesis for 5 years maximum.

The maximum period of time mentioned above is extended for one additional year per childbirth and/or adoption.

**Article 14**
Holders of a Master’s degree (or equivalent) or a Ph.D. are not eligible under the Technician category.

Holders of a Master’s degree (or equivalent) are eligible for Non-doctoral Researcher category. The Non-doctoral Researcher cannot, under any circumstances, start any personal research work leading to a Ph.D. during the working hours devoted to this function.

**Article 15**
Teams’ personnel whose remuneration costs are not charged to the I.I.S.N. may include amongst others:

- members of the teaching, scientific, administrative or technical personnel from universities of the French-speaking Community of Belgium,
- members who benefit from a grant allocated by a Belgian or a foreign body promoting research.

No compensation can be granted to the promoters or to the above-mentioned personnel.

**CHAPTER IV: FINANCIAL PROVISIONS**

**Article 16**
Funding granted through the IISN instrument is subject to a research agreement.

---

6 The Postdoctoral Researcher with a grant status must have obtained said degree for 6 years maximum.
This agreement shall bear the signature of the following parties:

- **The promoter** commits to carrying out the funded research;
- **The I.I.S.N.** commits to allocating grants covering the personnel, operating and equipment costs, each year covered by the agreement. No transfer between those 3 expense items may be accepted;
- **The host institution.**

In the particular case of joint research carried out by several promoters in several host universities, each institution takes part in the agreement, which contains all the relevant provisions regarding personnel recruitment, grants management and equipment ownership.

The agreement provides for unilateral termination clauses, which must include a period of notice.

**Article 17**

Any change made to the planned expenses must receive the **prior** written approval of the I.I.S.N.:

The budget devoted to the personnel is available only for the duration of the research agreement, which may be extended for maximum 6 months in case of postponement of personnel recruitment expected although not effective on the starting date of the agreement, and is divided according to the provisions of the agreement.

The budget devoted to operating and equipment costs can be used for the duration of the agreement, with an additional 12-month period.

The unspent amount will be recovered by the I.I.S.N.

**Article 18**

Grants at the disposal of the promoters are managed by the financial department of the institution to which they are attached.

The financial department of the institution shall send the supporting documents to the F.R.S.-FNRS as soon as possible.

For the personnel costs relevant to a given calendar year, the supporting documents must be sent before the 1st March of the following year.

The supporting documents justifying operating and/or equipment costs must be sent at the latest 14 months after the end of the research agreement, i.e., before 1st March of the year in question.

**Article 19**

The promoter has to inform the I.I.S.N. of any personnel hiring.

The replacement of personnel among the Doctoral Researcher category is not authorised during the last 6 months of the research agreement.

The personnel recruitment which was expected although not effective on the starting date of the agreement may be delayed. However, postponement shall be equivalent to the lost employment duration and not exceed a six-month period after the end of the agreement. The duration of the employment initially allotted may not be exceeded.
Article 20
Scientific and technical personnel shall be recruited in accordance with the scales and regulations in force within the host institution.

As for Non-doctoral Researchers and technical personnel, the I.I.S.N. contribution is subject to an annual limit assigned from the I.I.S.N. and is calculated in proportion to the number of days worked.

CHAPTER V: MISCELLANEOUS PROVISIONS

Article 21
Any device acquired with a credit from the I.I.S.N. becomes the property of the host institution to which the beneficiary of the credit is attached.

The purchase of any device must be done with due respect for the provisions defined by the relevant department of the host institution.

This institution commits, however, to putting the mentioned device at the disposal of the researchers involved for the time needed in order to conduct the research, which led to its purchase in the first place. In addition, the host institution commits not to alienating or lending the equipment without the prior written approval of the I.I.S.N.

In the event that the device was purchased with the provision of an additional funding, the Board of Trustees of the I.I.S.N. will settle the ownership issue with the competent authorities.

Article 22
Grants are exclusively allocated for the execution of the research programme approved by the I.I.S.N. Promoters are required to use them solely for that purpose. Any fundamental change in the ongoing research programme must obtain the prior written approval of the I.I.S.N.

CHAPTER VI: RIGHTS AND OBLIGATIONS OF THE PROMOTER

Article 23
Any funded research programme must comply with the legal provisions in force regarding ethics.

Article 24
Promoters must submit to the rules imposed by the academic authority of the host institution where they work and observe its regulations. In addition, regarding the I.I.S.N., they must adhere to the regulation on property, protection and promotion of the results from the research carried out within the institution.

Article 25
Three months after the end of the research agreement, a request for a final report is sent to the main promoter.

The main promoter must upload this final report on their personal page e-space within two months following the request.

Article 26
Pursuant to the Regulation on the application of the Open Access policy to scientific publications resulting from research programmes supported by the F.R.S.-FNRS and its Associated Funds, any scientific
publication resulting partially or fully from the funding granted through the IISN instrument shall mention the source of this funding as follows:

This work was supported by the Fonds de la Recherche Scientifique - FNRS under Grant(s) n° [agreement number].
