One researcher only will support the research programme and will receive the status of promoter.

MISU applications must be submitted under Grants and Fellowships Call of the Fund for Scientific Research - FNRS (F.R.S.-FNRS).

Article 2
The goal of the funding granted within the framework of a MISU consists of supporting highly-qualified Belgian or foreign researchers, who do not hold a F.R.S.-FNRS fellowship when submitting the application and who have a scientific research activity and are paid abroad, to come and pursue their career in a university of the French-speaking Community of Belgium listed in Appendix 1, hereinafter referred to as “host university”.

Article 6
The Grants and Fellowships Call is opened once a year and is published on the F.R.S.-FNRS website.

The application for an Ulysse Incentive Grant for Mobility in Scientific Research (MISU) can be submitted in French or in English. It must only be submitted on e-space, the online platform dedicated to the calls for proposals.

It is recommended to applicants who wish to have their application file assessed by Scientific Commissions dedicated to SEN (Exact and Natural Sciences) and SVS (Health and Life Sciences) fields, as well as the Scientific Commission SHS-2, to submit their application in English.

Promoter-applicants to an Ulysse Incentive Grant for Mobility in Scientific Research extension (MISU-PROL) are given access to the electronic form by the F.R.S.-FNRS on e-space.

All applications (MISU or MISU-PROL) are submitted to a procedure including two successive electronic validations on the dates that will be indicated when the call is published:

a. The validation by the promoter: it accounts as a confirmation that the application file is complete.

b. The validation by the research administration (or Board of Education) of the university of the French-speaking Community of Belgium, the Authority to which the application file is transferred following the validation by the promoter. This Authority may accept or refuse the application. The validation deadline set for the rectors puts a final end to the call for proposals.

Applications that have not been validated within the time-frame of the call cannot be taken into account.

1 Should the application file be submitted in French, the F.R.S.-FNRS may require the applicant to provide a translation in English for the purpose of conducting the ex-ante evaluation.

2 Applicants shall contact the reference persons prior to mentioning their contact details in the application form if they want to make sure that they are willing to provide a reference letter as part of their application.

After submission of the application file, the F.R.S.-FNRS will contact the reference persons referred in the application form and a reminder will be sent to each of them in due course. No information will be communicated to the applicant on the receipt of the letters to ensure confidentiality.
