CHAPTER I: SCOPE

Article 1
The rules and regulations hereinafter are only applicable to the Incentive Grant for Scientific Research (MIS – Mandat d’impulsion scientifique) instrument enabling the funding of research programmes within the framework of the Credits and Projects Call of the Fund for Scientific Research - FNRS¹ (F.R.S.-FNRS).

Article 2
The goal of the funding granted within the framework of the MIS consists in supporting young permanent researchers who seek to develop a scientific unit focusing on a future-oriented area within their university.

The research programme should be characterised by its originality and its innovativeness as well as by its scientific autonomy from the works of the laboratory where the applicant is involved. This programme should eventually enable the researcher to acquire her/his independence in a “flagship” laboratory.

Article 3
The research programme is meant to be carried out within a university of the French-speaking Community of Belgium listed in Appendix 1.

Article 4
The promoter is the person who assumes the scientific responsibility and is in charge of the administrative management of the funded research programme.

CHAPTER II: APPLICATION

II-A.: THE PROMOTER

Article 5
The promoter-applicant to a MIS must be:

- Either a Research Associate, a Senior Research Associate or a Research Director of the F.R.S.-FNRS and assuming the function and duties of such position at the latest by 15th November of the year when submitting the application,
- Or Senior assistant (Premier assistant), Head of Works (Chef de travaux) or member of the academic personnel in a university of the French-speaking Community of Belgium and must meet the following conditions altogether:

¹ The Fund for Scientific Research - FNRS shall be understood as the F.R.S.-FNRS and its Associated Funds.
- Be permanently appointed on a full-time basis to an academic or scientific position or on probation in that university.
- This appointment must have a final and conclusive assent from the competent body to legitimize this appointment in accordance with the Law or the university’s regulations at the latest by 15th November of the year when submitting the application.
- This academic or scientific position must be effective at the latest by 15th November of the year when submitting the application.

Article 6
The promoter-applicant to a MIS must have obtained a Ph.D. after the defence of a thesis and delivered by a university for maximum 12 years. This period of time shall expire on the validation deadline fixed for the academic authorities (rectors) to validate applications, at the latest.

The maximum period of time set in paragraph 1 is extended for one additional year per childbirth and/or adoption occurring after obtaining the academic degree or diploma considered when deciding to award the fellowship.

Article 7
Applicants may not apply for a MIS more than three times.

Researchers who have already benefited from a MIS can no longer apply for this fellowship.

Applicants who have been already granted with a Ulysse Incentive Grant for Mobility in Scientific Research (MISU) may not apply for a MIS application.

II- B.: ACCUMULATION RULES

Article 8
Any promoter must comply with all the accumulation rules as referred to in Appendix 2.

II- C.: SUBMISSION OF APPLICATION

Article 9
The Credits and Projects Call is opened once a year and is published on the F.R.S.-FNRS website.

The application can be submitted in French or in English. It must only be submitted through the e-space online platform dedicated to the calls for proposals.

It is recommended to applicants who wish to have their application file assessed by Scientific Commissions dedicated to SEN (Exact and Natural Sciences) and SVS (Health and Life Sciences) fields, as well as the Scientific Commission SHS-2, to submit their application in English.

All MIS applications are submitted to a procedure including two successive electronic validations on the dates that will be indicated when the call is published.

a. The validation by the promoter: It accounts as a confirmation that the application file is complete.

2 Should the application file be submitted in French, the F.R.S.-FNRS may require the applicant to provide a translation in English for the purpose of conducting the ex-ante evaluation.
b. **The validation by the research administration (or Board of Education)** of the university of the French-speaking Community of Belgium, the Authority to which the application file is transferred following the validation by the promoter. This Authority may accept or refuse the application. The validation deadline fixed for the rectors puts a final end to the call for applications.

Applications that have not been validated within the time-frame of the call cannot be taken into account.

The validation dates are available in the mini-guide.

**Article 10**
For all new MIS application:

> - a letter of support from the Rector of the university of the French-speaking Community of Belgium by the time of the validation deadline fixed for the academic authorities (rectors) at the latest;
> - in their electronic form, applicants must provide the contact details of 3 recognised foreign experts who have no recent collaboration with the applicant and who will be contacted by the F.R.S.-FNRS to provide a recommendation (reference letter).

**CHAPTER III: NATURE AND DURATION OF THE FELLOWSHIP**

**III- A.: ELIGIBLE AND NON ELIGIBLE EXPENSES**

**Article 11**
As part of the MIS the allocated fund can cover 3 types of expenses:

- Personnel
- Operating
- Equipment

**Article 12**
Some expenses are capped:

- MRI ≤ 3 Tesla at € 350/hour
- MRI > 3 Tesla at € 500/hour
- MEG at € 300/hour

**Article 13**
The following operating costs are not authorised:

- Payment and reimbursement of rents
- Payment of the heating, light and telephone
- Costs for facilities maintenance and building costs
- Costs for equipment maintenance and repairing
- Costs for furniture

---

3 Applicants shall contact the reference persons prior to mentioning their contact details in the application form if they want to make sure that their referees are willing to provide a reference letter as part of their application. After submission of the application file, the F.R.S.-FNRS will contact the reference persons referred in the application form and a reminder will be sent to each referee in due course. No information will be communicated to the applicant on the receipt of the letters to ensure confidentiality.
- Office supply costs (except for justified computer or computer equipment costs)
- Restaurant costs and expenses for foodstuffs (coffee, sugar, softs...) not related to missions or shift trips
- Visa fees for residence permits
- Insurance for appliance(s) or vehicle(s) belonging to the institution
- Thesis related expenses (printout, jury’s invitation)

**III- B.: FUNDING CHARACTERISTICS AND PROVISIONS**

**Article 14**
The MIS is applicable for 2 years.

However, a third year will be accepted automatically and with no interruption with the MIS granted if the promoter of a MIS has applied for an ERC Grant and has been interviewed by the jury in the meantime, but has not been granted the ERC Grant further to the second-step evaluation.

The MIS starting date is set for the 1st January and the ending date for the 31st December.

**Article 15**
A MIS application enables to apply for funding of maximum € 150,000-, **on an annual average**.

The grants obtained by the promoter of a MIS are personal and shall not be transferable.

**Article 16**
Categories of personnel are detailed in the table below:

<table>
<thead>

</tr>
</tbody>
</table>

n/a = not applicable

---

4 For all categories (except Postdoctoral Researcher), the promoter shall contact the relevant department of his/her university to obtain an estimate of the total personnel costs involved based on the scientific seniority.

5 Amounts cannot be changed after submission of the application.

Since the F.R.S.-FNRS is the employer of the Postdoctoral Researcher, the promoter shall take into account the annual cost provided in the Credits and Projects Call mini-guide.
The promoter of a MIS is allowed to recruit personnel for a minimum of one month and the duration may not exceed the maximal duration of the funding agreement.

The identity of the personnel is not required when submitting an application, however, the category of the personnel must be specified (see table above). Curricula vitae are not provided to the members of the Scientific Commissions.

**Article 17**

On the date they are hired Doctoral Researchers must have obtained one of the following degrees for maximum 3 years (for no more than the duration of the specialisation for doctors and veterinarian applicants who have been undertaking a medical or veterinary specialty training):

- 1° a master degree for a value of at least 120 credits awarded by a Higher Education Institution within the French-speaking Community of Belgium;

- 2° a master degree for a value of at least 120 credits awarded by a Higher Education Institution within the Dutch-speaking Community, German-speaking Community or from the Royal Military Academy;

- 3° another degree as referred to in Article 115 of the French-speaking Community of Belgium Decree of 7th November 2013 that defines the landscape of Higher Education and the academic studies organisation.

The maximum period of time mentioned above is extended for one additional year per childbirth and/or adoption occurring after obtaining the academic degree or diploma considered when deciding to offer the position.

**Article 18**

Postdoctoral Researchers must have obtained a doctoral academic degree after the defence of a thesis for maximum 5 years.

The maximum period of time mentioned above is extended for one additional year per childbirth and/or adoption occurring after obtaining the academic degree or diploma considered when deciding to offer the position.

Specific rules and regulations govern the Short-term Postdoctoral Researcher (CTP - Chercheur temporaire postdoctoral).

**Article 19**

Holders of a Master’s degree (or equivalent) or a Ph.D. cannot be recruited under the Technician category.

Holders of a Master’s degree can be requested in the Non-doctoral Researcher category. The Non-doctoral Researcher is not allowed to be enrolled in a Ph.D. programme and they cannot apply to a Ph.D. programme either.

**Article 20**

No compensation can be granted to the promoter of a MIS.
CHAPTER IV: EXAMINATION OF APPLICATIONS

Article 21
Criteria that will be taken into account for the evaluation of the applications are the following:

<table>
<thead>
<tr>
<th>CRITERIA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quality of the promoter:</td>
</tr>
<tr>
<td>CV and publications</td>
</tr>
<tr>
<td>International recognition</td>
</tr>
<tr>
<td>Main research achievements</td>
</tr>
<tr>
<td>Quality of the research programme:</td>
</tr>
<tr>
<td>Feasibility</td>
</tr>
<tr>
<td>Methodology and relevance</td>
</tr>
<tr>
<td>Originality</td>
</tr>
<tr>
<td>Collaborations</td>
</tr>
</tbody>
</table>

The adequacy of the requested budget with regard to the submitted research programme will also be evaluated. The Scientific Commission may reduce the requested budget up to a maximum of 15%. If the adequacy between the research programme and the requested budget is not justified and appears to require a reduction of more than 15%, the research programme will not be deemed fundable.

Article 22
In addition to the criteria as referred to in Article 21, the following criteria will also be taken into account as part of the MIS:

- originality and novelty of the project,
- possibility to launch a new research unit,
- scientific autonomy with respect to any existing research laboratory,
- future-oriented theme (development prospects of the field of study),
- 3 recommendations from foreign experts.

Article 23
The Board of Trustees of the F.R.S.-FNRS allocates funds according to the budget that is available. It decides on the granting or rejection, and where provided for, on the amounts to be granted.

CHAPTER V: FINANCIAL PROVISIONS

Article 24
Funding granted through the MIS instrument is subject to a research agreement.

This agreement shall bear the signature of the following parties:

- **the promoter** commits to carrying out the funded research;
- **the F.R.S.-FNRS** commits to allocating grants covering the personnel, operating and equipment costs, each year covered by the agreement. No transfer between those 3 expense items may be accepted;
- **the hosting academic institution**.

The agreement provides for unilateral termination clauses, which must include a period of notice.
Article 25
Any change made to the planned expenses must receive the prior written approval of the F.R.S.-FNRS.

The budget devoted to the personnel is available only for the duration of the research agreement, which may be extended for maximum 6 months in case of postponement of personnel recruitment expected although not effective on the starting date of the agreement, and is divided according to the provisions of the agreement.

The budget devoted to operating and equipment costs can be used for the duration of the agreement, with an additional 12-month period.

The unspent amount will be recovered by the F.R.S.-FNRS.

Article 26
The grants at the disposal of the promoters are managed by the financial department of the institution, to which they are attached.

The financial department of the institution shall send the supporting documents to the F.R.S.-FNRS as soon as possible.

For the personnel costs relevant to a given calendar year, the supporting documents must be sent before the 1st March of the following year.

For operating and/or equipment costs, the supporting documents must be sent at the latest 14 months after the end of the agreement, that is to say on the 1st March of the year in question.

Article 27
No hiring is effective without the prior written approval of the F.R.S.-FNRS.

The replacement of staff among the Doctoral researcher category is not authorised during the last 6 months of the research agreement.

The personnel recruitment which was expected although not effective on the starting date of the agreement may be delayed. However, postponement shall be equivalent to the lost employment duration and not exceed a six-month period after the end of the agreement nor the employment duration initially allotted.

Article 28
Scientific and technical personnel recruitment shall be done in accordance with the scales and regulations in force:

- within the hosting academic institution, as far as the doctoral scientific and technical staff and the Short-term Postdoctoral Researcher are concerned;
- within the F.R.S.-FNRS as far as the Postdoctoral Researcher (referred to as “Scientific Collaborator”) is concerned.

As for Short-term Postdoctoral Researchers, Non-doctoral Researchers and the technical staff, the F.R.S.-FNRS contribution is subject to an annual limit assigned from the Fund and is calculated in proportion to the number of days worked.
Article 29
The F.R.S.-FNRS shall reimburse personnel costs up to the total amounts indicated in the research agreement, while observing the Personnel categories.

Concerning Personnel categories there is some flexibility in terms of annual costs and duration, should the granting duration and maximum amount not be exceeded. Also for categories which are annually capped, this annual limitation shall not be exceeded, on the understanding that employment may not exceed the ending date of the agreement, in case the recruitment has been postponed as provided for in article 27 § 3.

The financial participation of the F.R.S.-FNRS is limited to the global amount indicated in the agreement.

CHAPTER VI: MISCELLANEOUS PROVISIONS

Article 30
Any device acquired with a credit from the F.R.S.-FNRS becomes the property of the hosting academic institution to which the beneficiary of the credit is attached.

The purchase of any device must be done with due respect for the provisions defined by the relevant department of the hosting academic institution.

This institution commits, however, to putting the mentioned device at the disposal of the researchers involved for the time needed in order to conduct the research, which led to its purchase in the first place. In addition, the hosting academic institution commits not to alienating or lending the equipment without the prior written approval of the F.R.S.-FNRS.

In the event that the device was purchased with the provision of an additional funding, the Board of Trustees of the F.R.S.-FNRS will settle the ownership issue with the competent authorities.

Article 31
Grants are exclusively allocated for the execution of the research programme approved by the F.R.S.-FNRS. The promoter is required to use them solely for that purpose. Any fundamental change in the ongoing research programme must obtain the prior written approval of the F.R.S.-FNRS.

CHAPTER VII: RIGHTS AND OBLIGATIONS OF THE PROMOTER

Article 32
Any funded research programme must comply with the legal provisions in force regarding ethics.

Article 33
Promoters must submit to the rules imposed by the academic authority of the hosting academic institution where they work and observe its regulations. In addition, regarding the F.R.S.-FNRS, they must adhere to the regulation on property, protection and promotion of the results from the research carried out within the institution.

Article 34
Three months after the end of the research agreement, a request for a final report is sent to the promoter.

The promoter must send this final report to the F.R.S.-FNRS within two months following the request.
Article 35
Pursuant to the Regulation on the application of the Open Access policy to scientific publications resulting from research programmes supported by the F.R.S.-FNRS and its Associated Funds, any scientific publication resulting partially or fully from the funding of the MIS instrument shall mention the source of this funding as follows:

“This work was supported by the Fonds de la Recherche Scientifique-FNRS under Grant(s) n° [agreement number]”.

APPENDIX 2

Accumulation Rules

CDR/EQP/PDR/MIS/MISU Instruments
Every promoter who takes part in a call must comply with all the accumulation rules as detailed below.

**Rule 1**
The number of applications that can be submitted within a call as a co-promoter is limited to a single application for the Cross-university PDR instrument.

**Rule 2**
The number of applications that can be submitted within a call as a co-promoter is limited to a single application for the Single or Cross-university EQP\(^6\) instrument.

**Rule 3**
A main promoter-applicant who has no ongoing funding may apply for one of the following as part of a call:

- 1 CDR,
- 1 PDR\(^7\),
- 1 EQP,
- 1 MIS,
- 1 EQP + CDR,
- 1 EQP + 1 PDR,
- 1 MIS + 1 CDR\(^8\) on the condition that the research programme or study is genuinely different from the aim of the MIS.

**Rule 4**
Promoters in charge of an ongoing CDR may apply for a new CDR application as from the second year of funding.

Promoters in charge of an ongoing CDR may apply for one of the following as part of a call:

Within the first year of funding:

- 1 PDR,
- 1 EQP,
- 1 MIS,
- 1 EQP + PDR,

Within the second year of funding:

- 1 CDR
- 1 PDR
- 1 EQP
- 1 MIS
- 1 EQP + 1 CDR,

---

\(^6\) Single and Cross-university EQP instrument is further shortened to EQP, so that the document is easier to read.

\(^7\) Single and Cross-university PDR instrument is further shortened to PDR, so that the document is easier to read.

\(^8\) If the MIS is granted, the CDR will not be funded.
Rule 5
Main promoters and any co-promoters in charge of an ongoing EQP may apply for a new EQP application as from the second year of funding.

Main promoters and any co-promoters in charge of an ongoing EQP may apply for one of the following applications as part of a call:

Within the first year of funding:
- 1 CDR,
- 1 PDR,
- 1 MIS,
- 1 MIS + 1 CDR\(^9\) on the condition that the research programme or study is genuinely different from the aim of the MIS.

Within the second year of funding:
- 1 CDR,
- 1 PDR,
- 1 EQP,
- 1 MIS,
- 1 EQP + CDR,
- 1 EQP + 1 PDR,
- 1 MIS + 1 CDR\(^9\) on the condition that the research programme or study is genuinely different from the aim of the MIS.

Rule 6
Main promoters in charge of an ongoing PDR may apply for one of the following as part of a call:

- 1 CDR,
- 1 PDR, on condition that the shortest overlap between both PDR is taken into account, with regard to each call schedule and starting date of PDR;
- 1 EQP,
- 1 MIS on condition that the shortest overlap between the PDR and the MIS is taken into account, with regard to each call schedule and starting date of the PDR and the MIS;
- 1 EQP + 1 CDR,
- 1 EQP + 1 PDR on condition that the shortest overlap between both PDR is taken into account, with regard to each call schedule and starting date of PDR;
- 1 MIS + 1 CDR\(^9\) on the condition that the research programme or study is genuinely different from the aim of the MIS and on condition that the shortest overlap between the PDR and the MIS is taken into account, with regard to each call schedule and starting date of the PDR and the MIS.

\(^9\) If the MIS is granted, the CDR will not be funded.
**Rule 7**

The promoter of a MIS whose start has been postponed may not submit any PDR application before the effective starting date of the MIS.

---

**Rule 8**

Promoters in charge of an ongoing MIS\(^{10}\) may apply for one of the following applications as part of a call:

Within the first year of funding:

- 1 CDR on the condition that the research programme or study is genuinely different from the aim of the MIS,
- 1 PDR on condition that the shortest overlap between the PDR and the MIS is taken into account, with regard to each call schedule and starting date of the PDR and the MIS,
- 1 EQP,
- 1 EQP + 1 CDR on the condition that the research programme or the study is genuinely different from the aim of the MIS,
- 1 EQP + 1 PDR on condition that the shortest overlap between the PDR and the MIS is taken into account, with regard to each call schedule and starting date of the PDR and the MIS.

Within the second year of funding:

- 1 CDR,
- 1 PDR on condition that the shortest overlap between the PDR and the MIS is taken into account, with regard to each call schedule and starting date of the PDR and the MIS,
- 1 EQP,
- 1 EQP + 1 CDR,
- 1 EQP + 1 PDR on condition that the shortest overlap between the PDR and the MIS is taken into account, with regard to each call schedule and starting date of the PDR and the MIS.

---

**Rule 9**

Promoters in charge of an ongoing MISU (Ulysse Incentive Grant for Mobility in Scientific Research) may apply for one of the following as part of a call:

Within the first year of funding:

- 1 CDR on the condition that the research programme or study is genuinely different from the aim of the MISU,
- 1 EQP,
- 1 EQP + 1 CDR on the condition that the research programme or study is genuinely different from the aim of the MISU.

Within the second year of funding:

- 1 CDR on the condition that the research programme or study is genuinely different from the aim of the MISU,

---

\(^{10}\)Promoters of an ongoing MIS, who have been granted a third year automatically following the submission of an ERC Grant application with no success after being interviewed by the juries and further to the second-step evaluation, should respect the accumulation rules which apply to promoters of a MIS in their second year of funding.
1 PDR on condition that the shortest overlap between the PDR and the MISU is taken into account, with regard to each call schedule and starting date of the PDR and the MISU,

1 EQP,

1 EQP + 1 CDR on the condition that the research programme or study is genuinely different from the aim of the MISU,

1 EQP + 1 PDR on condition that the shortest overlap between the PDR and the MISU is taken into account, with regard to each call schedule and starting date of the PDR and the MISU.

Within the third year of funding:

1 CDR,

1 PDR on condition that the shortest overlap between the PDR and the MISU is taken into account, with regard to each call schedule and starting date of the PDR and the MISU,

1 EQP,

1 EQP + 1 CDR,

1 EQP + 1 PDR on condition that the shortest overlap between the PDR and the MISU is taken into account, with regard to each call schedule and starting date of the PDR and the MISU.
