CHAPTER I: SCOPE – NATURE OF THE FELLOWSHIP

Article 1

The rules and regulations hereinafter are only applicable to holders of a part-time Clinical Master Specialist Applicant to a Ph.D. (SD – *Spécialiste doctorant*) fellowship of the Fund for Scientific Research – FNRS (F.R.S.-FNRS).

SD applications must be submitted under Grants and Fellowships Call of the Fund for Scientific Research - FNRS (F.R.S.-FNRS).

Article 2

Holders of a part-time SD fellowship shall pursue studies leading to a Ph.D. in Medical Sciences or Pharmaceutical and Biomedical Sciences in a university of the French-speaking Community of Belgium under the supervision of a promoter, while pursuing a part-time activity in a hospital.

CHAPTER II: CANDIDACY

Article 3

Applicants to a part-time SD fellowship must hold the academic degree of Medical Doctor and have obtained a medical specialisation degree at the latest by 1st October of the year during which the fellowship is granted and should start.

The accreditation (recognition as a specialist which authorises to practice the speciality in Belgium) issued by one of the three Communities responsible for accreditation must be sent to the F.R.S.-FNRS during the first year of the part-time SD fellowship.

Article 4

Applicants to a part-time SD fellowship must have obtained their accreditation as a medical specialist as referred to in article 3 for 3 years maximum. This term shall expire at the latest on 1st October of the year during which the fellowship is granted and should start.

The maximum duration may be extended for one additional year per childbirth and/or adoption, occurring after obtaining the accreditation as a medical specialist.

Article 5

The promoter of an applicant to a part-time SD fellowship shall meet the following conditions altogether:

- To be permanently appointed to an academic or scientific position or on probation in a university of the French-speaking Community of Belgium which has a faculty of medicine offering a complete curriculum.
- This appointment must have a final and conclusive assent from the competent body to legitimize this appointment in accordance with the Law or the university regulations by the time of the validation deadline fixed for the academic authorities (rectors) at the latest.
- This academic or scientific position must be effective by the time of the starting date of the fellowship, i.e., by the 1st of October at the latest, the year of the Grants and Fellowships Call concerned.

If the promoter of an applicant to a part-time SD fellowship who is appointed permanently and accesses pension / becomes professor emeritus after the validation deadline fixed for the academic authorities (rectors) and before the end of the granting scheme in case of granting, the submission of the application shall be subject to the prior approval of the Head of institution where the research will be carried out.

The promoter permanently appointed who will access pension / become professor emeritus by the validation deadline fixed for the academic authorities (rectors) is not eligible.

Also applicants to a part-time SD fellowship may conduct their research project under the supervision of a postdoctoral co-promoter from one of the institutions listed in [Appendix 1](#).

Article 6

During their part-time SD fellowship, applicants must carry out their clinical activity in a university hospital (as defined in the federal regulations) or a hospital department as identified by the F.R.S.-FNRS in [Appendix 2](#).

Article 7

During their part-time SD fellowship applicants must carry out their research activity in a university of the French-speaking Community of Belgium which has a faculty of medicine offering a complete curriculum, a university hospital (as defined in the federal regulations) or a university hospital department as identified by the F.R.S.-FNRS in [Appendix 2](#).

Article 8

Applicants may not apply more than three times for the same fellowship. Applicants who have already benefited from the fellowship, regardless of the duration, may not apply either.

No applicant may apply for a part-time SD fellowship if they have been granted with a part-time Clinical Master Specialist Applicant to a Ph.D. fellowship (CSD).

No applicant may apply for a part-time SD fellowship if they have been granted with a first Research Fellow fellowship.

No applicant may apply for a part-time SD fellowship if they have been granted with a grant from the Fund for Scientific Training in Industry and Agriculture (FRIA- *Fonds pour la Formation à la Recherche dans l'Industrie et dans l'Agriculture*).

No applicant may apply for a part-time SD fellowship if they have been granted with a F.R.S.-FNRS Grant.

No applicant may apply for a part-time SD Renewal fellowship if they have not been granted with a part-time SD fellowship.

Article 9

The Grants and Fellowships Call is opened once a year and is published on the F.R.S.-FNRS website.

Applicants to a part-time SD fellowship are able to submit their application either in French or in English and online only through SEMAPHORE, the management platform of the calls for proposals, available at the following address: <https://applications.frs-fnrs.be>.

The F.R.S.-FNRS will give applicants to a part-time SD Renewal (SD-REN) fellowship access to the electronic form on the [SEMAPHORE](#) application.

It is recommended to applicants who wish to have their application file assessed by [Scientific Commissions](#) dedicated to SEN (Exact and Natural Sciences) and SVS (Health and Life Sciences) domains, as well as the Scientific Commission SHS-2, to submit their application in English¹.

All applications (SD and SD-REN) are submitted to a procedure including three successive electronic validations on the dates which will be indicated when the call for proposals is published on the F.R.S.-FNRS website:

- a. The validation by the applicant: it accounts as a confirmation that the application file is complete.
- b. The validation by the promoter selected pursuant to article 5: the F.R.S.-FNRS sends the application file to promoters so that they give their approval for the submitted research project and confirm the accuracy of the data provided by the applicant. The promoter may accept or refuse the application.
- c. The validation by the research unit (or Board of Education) of the university of the French-speaking Community of Belgium, to which the application file is transferred once promoters have given their consent. The academic authority may accept or refuse the application. The validation deadline fixed for the rectors puts a final end to the call for proposals.

Applications that have not been validated within the time-frame of the call cannot be taken into account.

A mini-guide specifies the validation dates as well as the documents which must be included in the application.

Article 10

All application files (SD and SD-REN) must include a letter of agreement by the head of the clinical department. By her/his approval, the head of the clinical department commits to respecting the specificities related to the part-time fellowship.

Article 11

SD-REN applications are assessed by Supervisory Panels (Thesis Advisory Committees).

The Renewal application form includes a document to be completed by the Supervisory Panel (Thesis Advisory Committee). This Advisory opinion must be signed and sent to the research unit (or Board of Education) of the university of the French-speaking Community of Belgium in order to be approved and signed by the academic authorities. The latter must send the document to the F.R.S.-FNRS by 31st May of the Grants and Fellowships Call concerned at the latest.

CHAPTER III: ALLOCATION AND DURATION OF THE FELLOWSHIP

Article 12

The Board of Trustees of the F.R.S.-FNRS shall decide on the allocation of part-time SD fellowships.

SD-REN are granted upon the positive opinion of the Supervisory Panel (Thesis Advisory Committee).

¹ Should the application file be submitted in French, the F.R.S.-FNRS may require the applicant to provide a translation in English for the purpose of conducting the [ex-ante evaluation](#).

Article 13

The part-time SD fellowship is a research fellowship applicable for 2 years maximum, renewable once (equivalent to a duration of 4 years maximum).

CHAPTER IV: OBLIGATIONS OF THE FELLOWSHIP HOLDERS

Article 14

Holders of a part-time SD fellowship must meet the following conditions at the latest on 1st October of the year during which the fellowship is granted and should start:

- To be enrolled in the Graduate School in clinical and experimental medicine pertained to the Graduate College in medical sciences attached to the F.R.S.-FNRS;
- To be employed on a full-time basis in a university hospital (as defined in the federal regulations) or a university hospital department as identified by the F.R.S.-FNRS in [Appendix 2](#).

Article 15

Holders of a part-time SD fellowship must inform the F.R.S.-FNRS before any change occurs in the fellowship.

Article 16

All funded research programmes must be in compliance with the ethics-related legal provisions in force.

Article 17

Holders of a part-time SD fellowship must respect the discipline enforced by the academic authority of the institution where they work and observe its rules and regulations. As fellowship holders of the F.R.S.-FNRS, they are also required to adhere to the regulation on the property, protection and promotion of the results from the research carried out within the institution.

Article 18

By the time of each renewal application, holders of a part-time SD fellowship are required to provide a report on the scientific activities. The report must clearly indicate the distribution of time between their research and clinical activities.

At the end of the fellowship, part-time SD fellowship holders shall communicate a final report to the F.R.S.-FNRS.

CHAPTER V: FINANCIAL PROVISIONS

Article 19

The hospital where part-time SD fellowship holders carry out their clinical activity is their employer and shall remunerate them.

The F.R.S.-FNRS will reimburse half of the full-time annual cost of the part-time SD fellowship holder to the hospital upon reception of the supporting documents. Cost (on-call duties not included) includes salary cost plus all direct and indirect salary costs.

The F.R.S.-FNRS reimbursement is limited to an annual amount assigned from the F.R.S.-FNRS².

² Limitations in force are reported in the Grants and Fellowships Call mini-guide

The hospital-related salary of part-time clinical doctors who are also researchers can be higher than the research-related salary.
