Article 7

The Credits and Projects Call is opened once a year and is published on the F.R.S.-FNRS website.

The application can be submitted in French or in English. It must only be submitted on [e-space](#), the online platform dedicated to the calls for proposals.

It is recommended to applicants who wish to have their application file assessed by [Scientific Commissions](#) dedicated to SEN (Exact and Natural Sciences) and SVS (Health and Life Sciences) fields, as well as the Scientific Commission SHS-2, to submit their application in English³.

² Research logisticians of rank A, as defined by the Royal Decree of 31st October 1953 fixing 'le statut des agrégés, des répétiteurs et des membres du personnel scientifique des universités de l'État', are only allowed to be co-promoter-applicant provided they hold a Ph.D.

³ Should the application file be submitted in French, the F.R.S.-FNRS may require the applicant to provide a translation in English for the purpose of conducting the [ex-ante evaluation](#).

All EQP applications are submitted to a procedure including successive electronic validations on the dates that will be indicated when the call is published.

- a. The validation by the main promoter-applicant, responsible proponent accountable to the F.R.S.-FNRS administration: it accounts as a confirmation that the application file is complete.
- b. The validation by co-promoter-applicants (if any): it accounts as an electronic signature.
- c. The validation by the research administration (or Board of Education) of the university of the French-speaking community of Belgium to which (co-)promoter-applicants are related – the Authority to which the application file is transferred following the validation by the (co-)promoter-applicants. That authority may accept or refuse the application. The validation deadline set for the rectors puts a final end to the call for proposals.

Applications that have not been validated within the time-frame of the call cannot be taken into account.
