

# CALL FOR APPLICATIONS

## CECAM-Lorentz Workshop 2019

CECAM and the Lorentz Center are looking for scientists who want to organize the sixth annual CECAM-Lorentz Workshop, to be held at CECAM, EPFL Lausanne, Switzerland.

The CECAM-Lorentz program funds every year a leading-edge workshop in computational simulation and modeling and its applications. Although all topics are welcomed, this year we would especially like to encourage applications in the areas of non-equilibrium systems and/or multi scale methods and coarse-grained modeling, as well as their interrelations.

#### What we seek

- an innovative scientific programme that takes us beyond our current boundaries
- an open and interactive format with few lectures

#### What we offer

- a 5-day workshop for up to 25 people in the second half of 2019
- travel and accommodation reimbursements and other organisational costs
- a professional support organisation

#### Procedure

- a 1-page expression of interest by 1 November 2018
- a full application by 15 December 2018
- final decision end-January 2019
- submit applications to: [proposals.lorentz@epfl.ch](mailto:proposals.lorentz@epfl.ch)

#### Information

- Ignacio Pagonabarraga, director CECAM
